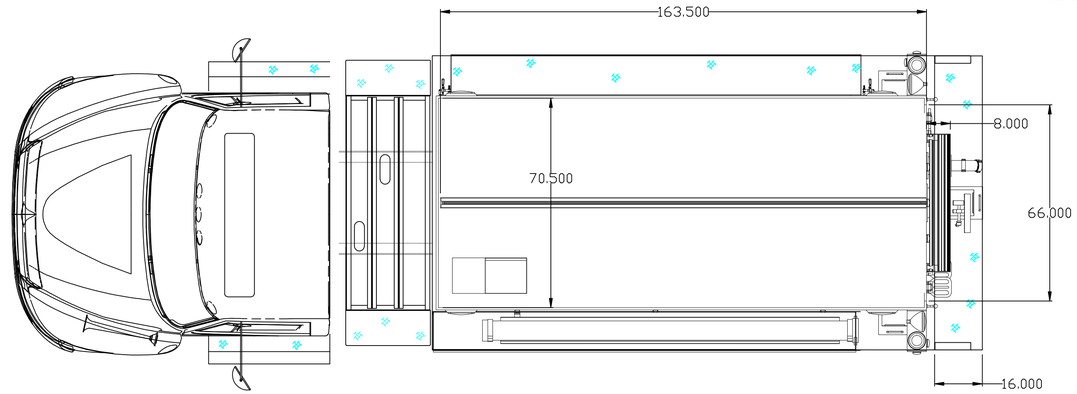
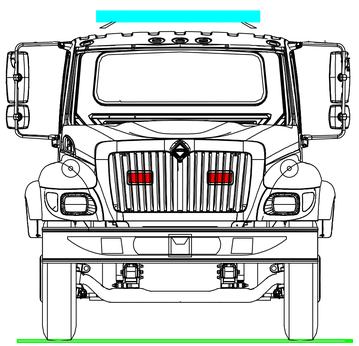
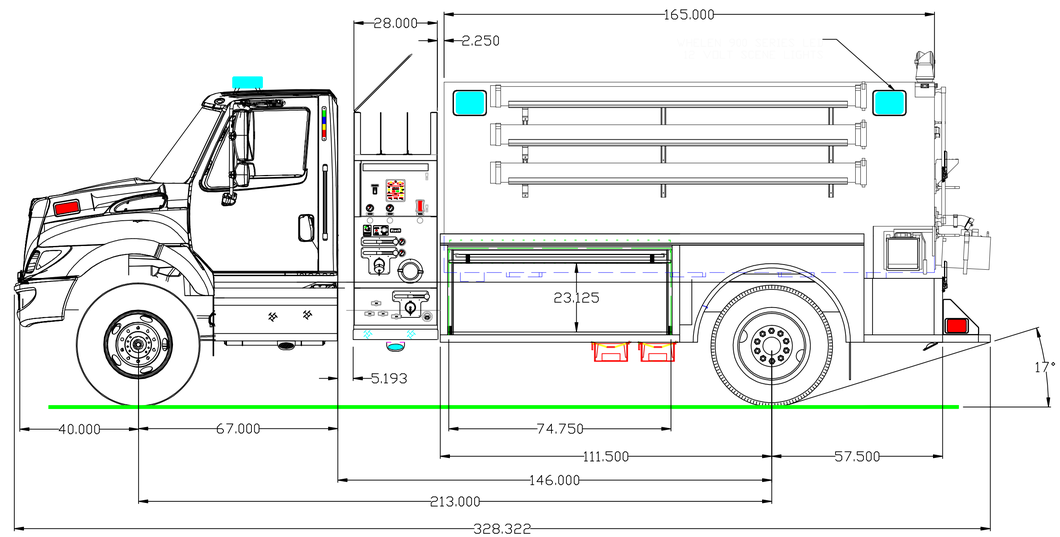
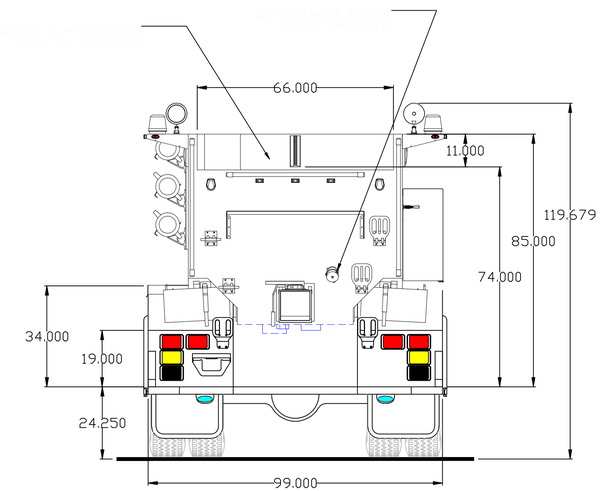
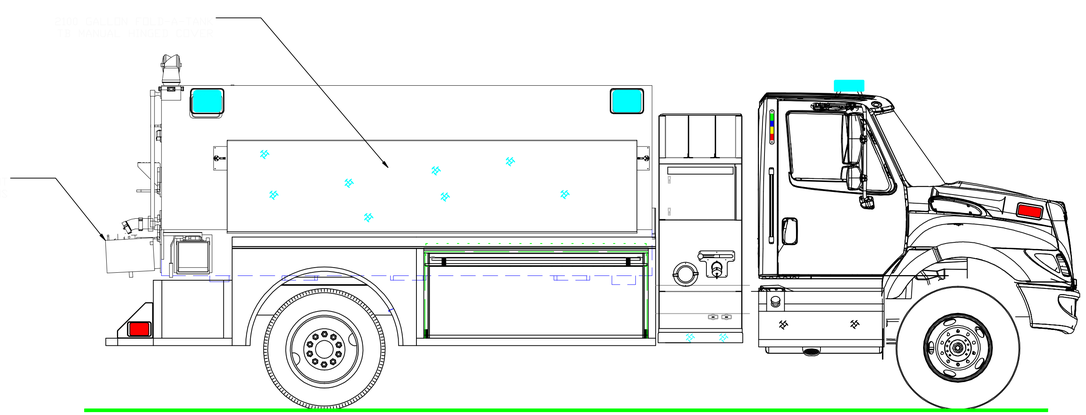
NOTE: This drawing is for GENERAL truck configuration evaluation ONLY. Only major configuration items are shown. Items such as lighting, plumbing and other generally assenbled details are shown for REFERENCE ONLY and may not be a direct reflection of the specifications. In ALL situations where the drawing may contradict the specifications, THE SPECIFICATIONS SHALL PREVAIL. Crimson Fire will manufacture the proposed apparatus to the latest NFPA recommendations unless otherwise specified. Crimson Fire will engineer and manufacture the product to the intent of the specifications while reserving the right to incorporate design improvements and changes without notice.











* - NOTE: IN UNLOADED STATE, THE OVERALL HEIGHT OF THE APPARATUS MAY INCREASE BY AN ADDITIONAL 2".

HEIGHT SHOWN BASED ON 42 INCH FRAME HEIGHT REFERENCE DRAWING

PROPRIETARY AND CONFIDENTIAL
